

I am writing in regard to the possibility of K-Love radio being replaced by an LPFM broadcaster in my area. Phoenix is a large city and there is alot of anger especially on the roads during rush hour traffic. K-Love supplies the encouragement I need to stay calm and be a good neighbor to other drivers. Alot of the other stations fuel the anger that is so predominant in our society. Millions are helped EVERY day through K-Love and it obviously has a very large audience since it is completely listener supported. Please don't take away the only radio station I feel offers any real value to our community.  
Thank you,
